Certificate IV in Project Management Practice

BSB41515

This program is designed for people who identify and apply project management skills and knowledge in a wide variety of contexts: contracts officers, project administrators, quality officers and small business operators. It's intended to build on your current expertise and knowledge.

Individuals in these roles might be members of a project team, with no direct responsibility for overall project outcomes. Primarily, these roles would support wider project operations. They may use project tools and methodologies selectively to support organisational or business activities.

This program can give you the confidence to really advance in your career.

This nationally recognised qualification is aimed at giving aspiring project managers knowledge of the fundamentals of project management.

This program would suit all aspiring project managers. It is highly valued by organisations in both the public and private sectors and is delivered online, flexibly, with workplace application and business improvement initiatives meaning that you can continue in your current role as you study.
