The **Evidence Portfolio Guide** provides examples of documents you may be able to provide to demonstrate your knowledge, experience and ability in the workplace for each unit identified.

The **Workplace Evidence - Upload** section is where you will upload as much information regarding your previous skills and experience in your industry, as you can.

Your assessor may also require some additional knowledge questions for you to elaborate on each of the units.

STEP 4 COMPETENCY CONVERSATION & ASSESSMENT

After review of your Workplace Evidence Portfolio, your Assessor will contact you to arrange a suitable time to participate in an interview / competency conversation to elaborate on your evidence. This conversation allows you to demonstrate your underpinning skills and knowledge of the competencies and how you apply them in your work.

Additional evidence required, or any gaps, will be identified during this discussion and you will have time to re-submit these or discuss further training options to fill in any gaps.

STEP 5 RESULTS

After your final assessment, the Assessor determines whether or not you are competent. If you are deemed competent for the unit(s), you will not be required to submit further work FOR THE APPROVED UNIT(S).

If you are not deemed competent, your Assessor will discuss the options with you and assist you in achieving competency.
